100 envelopes

READY TO SAVE AN EXTRA \$5,050?

1. Print out (or buy) 100 envelopes
2. Write a number from 1 to 100 on each envelope
3. Each day, pick an envelope at random. Whatever number is on the envelope, put that amount of cash inside of it. For example, in envelope #1 put \$1, if it's #20 put \$20.
- 4: Repeat every day for 100 days until all the envelopes are filled!

Can't commit weekly here are other variations:

Weekly: Decide on the amount you want to save. Divide it by the number of weeks you will be doing it. That's how many envelopes you will need. Write the specific amount on each envelope, and fill an envelope per week.

Bi-weekly: Same as above, draw an envelope bi-weekly.

Monthly: Same as above, draw an envelope monthly.
